Instagram Warning

We have received intelligence from one of our close neighbouring Boroughs about Instagram accounts that are set up to encourage children to share their personal information.

Please could we remind parents that if children are using social media, (which we would advise against if they are not the appropriate age to be using social media) that parents ensure they have privacy settings to prevent posts being accessed indiscriminately AND that they have close supervision of who children are contacting/being contacted by when they are using these sites.
